

What's about the ACCU days, their content and their organization?

Prof. ir Philippe MERCENIER
HE Léonard de Vinci – ECAM (BE)

Conference's objectives

- Meeting the Claroline users and developers to listen to their remarks and suggestions
- Sharing experiences from various users and developers
- Presenting new tools and new functions developed by the Claroline teams
- Moving from a virtual Community to a real one for a growing Claroline's spirit

Conference's topics

- How to use Claroline and implement it?
- The use of Claroline in various contexts
- The future of Claroline
- The environment of Claroline

Conference's Structure

- Four half-days structured quasi-similarly
 - Introducing time
 - Parallel workshops
- In each workshop
 - Dedicated communications
 - Time for reflection
 - A leader and a reporter
- Using languages
 - Feel free to use French or English, or even another one
 - The most important is to communicate and to share

Have a great conference!
